

## CHEMEON eTCP® POWDER

# LESS SHIPPING COST COLOR INDICATOR

CHEMEON eTCP Powder conversion coating provides MIL-DTL, QPL listed superior corrosion protection and adhesion on light metals such as 2024 aluminum. With eTCP Powder, you have the flexibility of customizing your bath concentration for optimal processing, enhanced stability, and the advantage of a color indicator for easier visual inspection that parts have been properly coated and protected.

In stock | Less storage in your warehouse | Colorized for Visual Verification  
SBA HUBZone Certified Company | Meets or Exceeds MIL-DTL 5541 and MIL-DTL 81706 Specs
